To The Class of 1992:

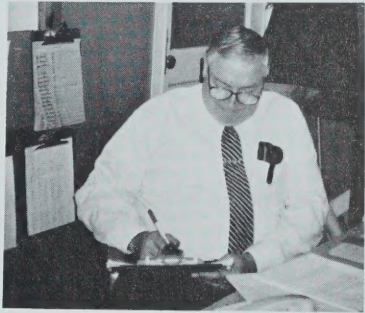

You hold the distinction of being the last class to graduate from North Shore Regional at its Beverly location. For that reason, all of us associated with the school will have a bittersweet memories of the class of 1992. Your commencement signifies a beginning, not only for you, but also for the school district and all of the students who will follow you, as the school relocates to its permanent facility.

The school's relocation is a very tangible manifestation of the one constant you will face in your adult lives - change.

Your education has been designed to prepare you to face that change, and use it to your advantage. You are entering the adult world at a time which presents both challenges and opportunities. You will experience many changes in the way work is organized, and in the world economy. Apply what you have learned here, and continue to learn from the challenges and opportunities which you encounter.

Please accept the best wishes of the School Committee and the administration of North Shore Regional Vocational School District as you take your places as involed, concerned citizens of your communities and of the world.

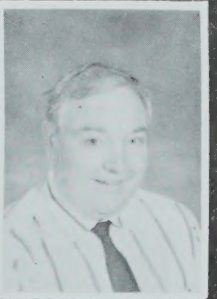

Sincerely,
Patricia W. Carlson

Well, make sure you never forget the Willows, the Wildberry, and all the trouble we got ourselves into. A little advice, stay away from guys named Tony. Kara, make sure you say Hi to Jim + Peg for me. I swear if we ever go camping again make sure we don't have any supervision. Trisha, take care of your mother. Kim, make sure you stay away from those Mustangs and good luck with Brad. Hope everything works out. Jim, I shared a lot of things with you and I want you to know that I will always care for you. You should know that you are my best friend. Before I forget, make sure you don't play with any raccoons. Ella, I want to say good luck with the baby. Melissa and Yma, Hope you two will always remember Crunky-Cuda-Box-T__t-Finack, and dont fall asleep on any trains. I want to thank my Mom and Dad for everything they have done for me. Especially never letting me give up and quit school. I want to also thank everyone else who stuck by me. Bobby, I finally made it!
